

ELDERLY & DISABLED SEATING FOR GRADUATIONS

Wheelchair seating is located at the front of Red Rocks Amphitheatre in Row 1 and at the top of the amphitheatre in Row 70. Additional rows at the front of the amphitheatre will also be held for elderly and other mobility-impaired guests. Designated accessible parking for persons with disabilities is in two locations: **For access to Row 70, handicap parking (with proper license or tag) is available in the Top Circle Lot. For access to the front of the amphitheatre and Row 1, parking is at the Upper South Lot.** A valid, appropriate handicap placard or license plate is required for handicap spaces, but there is plenty of additional space in the Upper South Lot. All park entrances can access all parking lots, although entrances 2, 3 & 4 have the most direct access to the Upper South Lot. Guests should arrive as early as possible to ensure space availability and to reach their seats prior to the start time.

The schools will provide shuttle vehicles to transport guests with disabilities or mobility impairments from the **Upper South Parking Lot to the ADA ramp accessing the first rows of the amphitheatre.**

Accessible restrooms are available at the south amphitheatre entrance, new North Concession Stand and at the top of the amphitheatre.
